In the yard, the squirrel found 7 acorns and 23 berries. How many items did the squirrel find in the yard?

Name _____ 2.OA.3
Look at the math problem, then draw an array to represent it.

Making Arrays

$2 \times 2 + 2 \times 2 = 10$ $5 \times 5 + 5 \times 5 = 25$

$3 \times 3 + 3 \times 3 =$ $2 \times 2 + 2 =$

$4 \times 4 + 4 =$ $7 \times 7 =$

Digital Option

These math printables are now offered in Google Slides. To open each set of math practice pages, click on the link below after reading these instructions. These links will open Google Slides.

What you need:

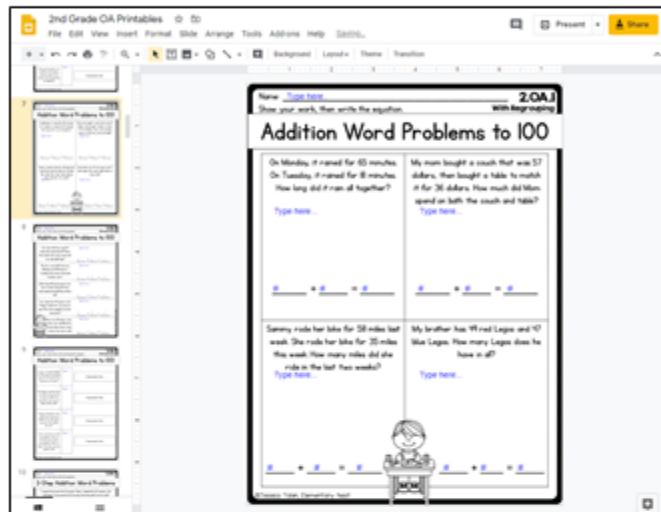

-A Google Classroom account

What to do:

- Open document using link on this page.
- Click "make a copy". This will be your master copy. Name it whatever you'd like.
- Make another copy to share with your students. Get the shareable link using the 'Share' button in the top right corner.

Options for sharing:

- Copy the *specific slide* you need and share it with your students.
- Share the *entire presentation* for them to fill out by a certain date or for use when they are reading independently.
- Create a graphic organizer folder for your students to access whichever ones they want/need.
