What Teachers Think

“My students were engaged and enjoyed their morning activities as they arrived each day.”

“This product is amazing! We use it every morning. I love it!”

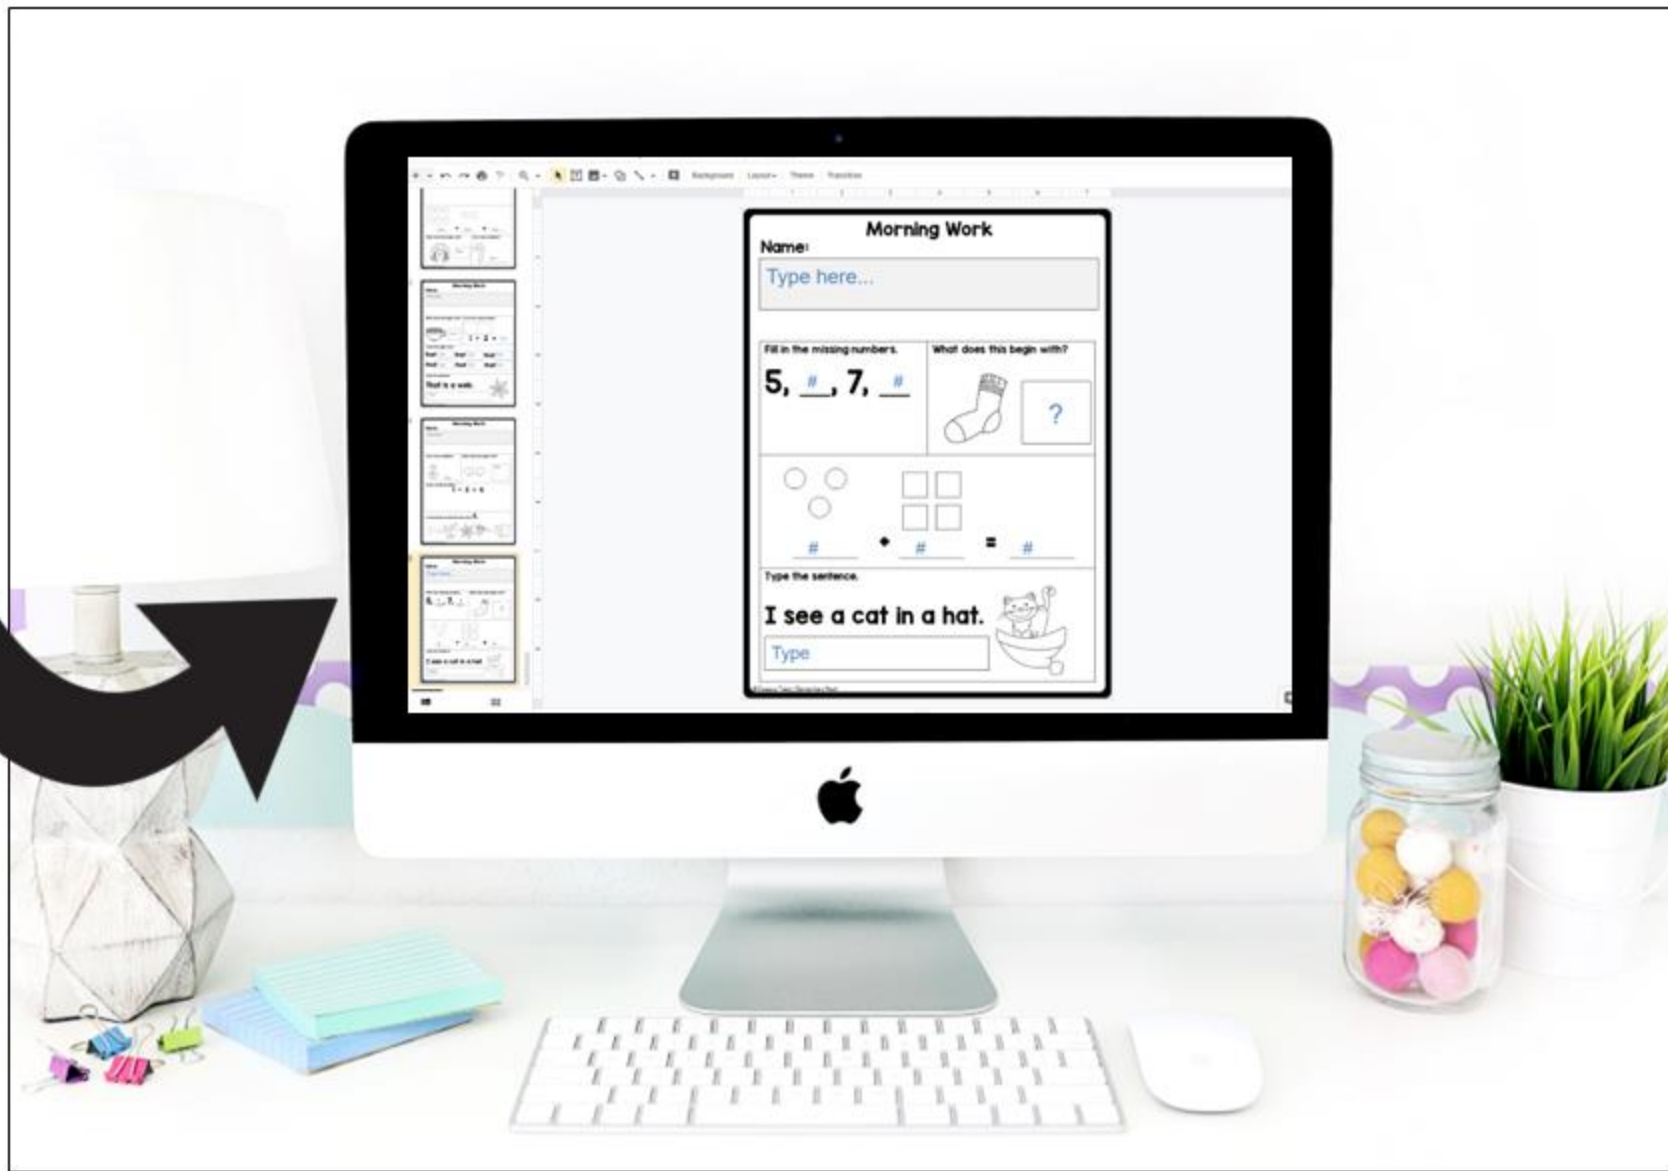

“I love the pacing on this resource. My students know to unpack and get started on their morning work. This allows me time to take attendance and check folders. Thank you.”

“I love the gradual challenge that increases in this resource. I appreciate that the format is similar throughout the quarters. It allows my students to feel confident in knowing the directions of the assignment with a variety of questions.”
