

L.K.l.e

This ELA unit provides resources to use while teaching the standard **L.K.l.c**, which states that students will be able to **"Use the most frequently occurring prepositions."**

Using This Unit

Let's look at the structure of this unit.

Lesson Plans

- There are 5 steps in the lesson plan of this unit. Depending on how long you have for mini lessons for Language, you can choose to do all 5 steps in one day or break it up over 2-4 days. I suggest at least 10 minutes for your daily lesson, then 15-20 minutes+ for practice time. Putting your activities together may take a week to complete.

Graphic Organizers

- These can be used throughout the unit as you see fit. You can use them with your lessons if you need more or use them within their partner/independent time.

Centers

- These can be used throughout the unit as you see fit, too. They can be used during group work, down time, or however they fit into your current ELA block structure.

Assessment

- There is one informal assessment activity at the end of the lesson plan. When you're finished teaching your unit, use this assessment with your students.

Extra Resources

On top of the lesson plans you get for the L.K unit, you also get centers and graphic organizers that will help you teach this unit. These can be used during this unit AND reused throughout the year as review.

The collage features several educational materials:

- Worksheets:** Multiple pages titled "Prepositions" with activities like "Where is the mouse?" and "Write a sentence for each preposition." They include preposition words (in, on, off, over, behind, near, to, inside) and non-preposition words for classification.
- Center Cards:** Cards for "Center 1: Match the preposition to a picture that represents it." and "Center 2: Spin a preposition, then spin a noun. Then, draw a picture OR write a sentence about the two things you spin." These cards use illustrations of children and objects to demonstrate prepositions.
- Graphic Organizers:** A circular spinner graphic organizer with prepositions (in, on, over, behind, under, next to, above, with) and a central area for drawing or writing.
- Preposition Words List:** A list of preposition words: in, on, off, over, behind, near, to, inside.
