

L.K.5.c

This ELA unit provides resources to use while teaching the standard **L.K.5.c**, which states that students will be able to **"Identify real-life connections between words and their use."**

Using This Unit

Let's look at the structure of this unit.

Lesson Plans

- There are 5 steps in the lesson plan of this unit. Depending on how long you have for mini lessons for Language, you can choose to do all 5 steps in one day or break it up over 2-4 days. I suggest at least 10 minutes for your daily lesson, then 15-20 minutes+ for practice time. Putting your activities together may take a week to complete.

Graphic Organizers

- These can be used throughout the unit as you see fit. You can use them with your lessons if you need more or use them within their partner/independent time.

Centers

- These can be used throughout the unit as you see fit, too. They can be used during group work, down time, or however they fit into your current ELA block structure.

Assessment

- There is one informal assessment activity at the end of the lesson plan. When you're finished teaching your unit, use this assessment with your students.

Mini Lessons

There is a lesson plan outline in this unit. There are five steps within this unit, which may take about a week to complete, depending on how long your ELA block is. Activities range from group work, partner activities, whole group lessons, and independent activities.

Around My House

Kindergarten Language Lesson

L.K.5.c

I can identify real-life connections to words.

Identify real-life connections between words and their use (e.g., note places at school that are colorful).

Vocabulary: *real-world*

Materials: Anchor chart

Flip Book: Yes/No cards

display

Real-Life Connections

We use our **schema**, or background knowledge, when we hear a new word. We try to find connections to our real life.

Extra Resources

On top of the lesson plans you get for the L.K unit, you also get centers and graphic organizers that will help you teach this unit. These can be used during this unit AND reused throughout the year as review.

The image displays a variety of educational materials for young learners, including:

- Real-Life Connections:** Worksheets where students draw two things in each category (e.g., Colorful, Hot, Cold, Fun) and write one word for each adjective they think of.
- Things I Know that Go on Land / Water:** Cards for students to sort objects and words based on their background knowledge and experience.
- Things I Can Do that are Inside:** Cards for students to match pictures to words based on their background knowledge and experience.
- Centers:** A collection of cards for different learning centers, such as 'Things I Know that Go on Land', 'Things I Know that Go in Water', and 'Things I Can Do that are Inside'.

A large purple banner across the center of the image reads **Graphic Organizers** and **Centers**.

Bundle Opportunities

If this layout looks ideal for your classroom, and you know you'll be needing resources like this for **all** standards included in Common Core, check out the bundles that save you money!
