DIGITAL GRAPHIC ORGANIZERS

Created by Jessica Tobin

# Please read!

These digital graphic organizers are the same graphic organizers from my RI3 units. They've just been recreated horizontally and put into Google slides.

**These graphic organizers are meant to be used with Google Slides.**

To open each set of graphic organizers, click on the standard boxes on the following page. These links will open Google Slides presentations that contain between 6-12 digital graphic organizers that are specific to each standard.

## What you need:

-A Google Classroom account

## What to do:

- Open document using links on next page.
- Click "make a copy". This will be your master copy. Name it whatever you'd like.
- Make another copy to share with your students. Get the shareable link using the 'Share' button in the top right corner.

## Options for sharing:

- Copy the *specific slide* you need and share it with your students.
- Share the *entire presentation* for them to fill out by a certain date or for use when they are reading independently.
- Create a graphic organizer folder for your students to access whichever ones they want/need.
