Page Sizing & Handling

Size Options:
- ● Fit
- ○ Actual size
- ○ Shrink oversized pages
- ☐ Choose paper source by PDF
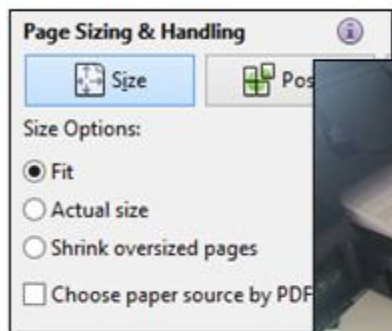

Collect one set. Cut straight across the dotted line. If your scissors are weaker, split the packet in half to cut.

Put title pages and 1-14 (top half) on top of 15-30 (bottom half). This will work with front/back on the copier, too.

2-3 staples along the side. You may need a stapler made for larger stacks of paper, like the PaperPro One Finger Stapler. If you don't have one strong enough, tie the pages together!
